

SWISSCOMPLY LEGAL SERVICES

Tailor-made solutions in commercial and financial market law

SwissComply Legal Services represents first-class legal advice and reliable support for challenging projects in Swiss commercial, corporate and financial market law. With in-depth expertise and many years of regulatory experience, we support financial service providers, SMEs and international business units in the legally compliant development and operational management of their companies, as well as with strategic transactions.

Our approach is: Reduce complexity, develop clear solutions and realize individual goals in a practical way.

Our consulting services cover all central facets of commercial law and related areas:

Finance

- Advising financial institutions on FinSA, FinIA and CISA.
- FINMA requests and SRO registrations.
- Setting up and structuring investment vehicles (investment funds, investment companies according to CISA, SPV) for traditional and alternative investment areas (private equity, real estate, crypto).
- Drafting fund prospectuses, investment regulations, PPM and regulatory approvals.
- Distribution and placement agreements for financial products.

Corporate law

- Company formations, capital increases, liquidation of companies (AG, GmbH) including notary work.
- Drafting of articles of association, amendments to the articles of association and shareholder agreements.
- Preparation and implementation of general meetings and meetings of the board of directors (corporate secretary).
- Drafting management and organisational regulations.
- Mergers, demergers, transfers of assets in accordance with the Merger Act.

General legal advice
